Ms. Ikuseghan:

It is my understanding, you have recently had the opportunity to speak with Deputy City Attorney Smith regarding your public disclosure request 15-9379. Whereas he confirmed there are no additional records responsive to your request. Your request 15-9379 still remains closed.

Regards,

Hi Lisa,

I represent Ms. Ikuseghan regarding her public disclosure request identified above. I have reviewed your email response to her email of 8/14/15, 11:26am.

The City's response appears to be insufficient; surely there must be some internal office policies, communications, or emails regarding the practice.

Also, the response does not appear to address item 4 at all:

4. A list of any private business who have or currently used police officers and police equipment for private security, additionally any contracts, documents, directives, policies, procedures, and emails or written correspondence related to these services for the past 5 years.

Surely there must be some documentation of how these arrangements are made.

Thank you,
